

Making a Tangram

Disha Kuzhively

- Step 1. Take a sheet of paper and cut out a square.
- Step 2. Cut two congruent triangles from this square.
- Step 3. Cut one of the triangles again into two congruent triangles.
- Step 4. Of the remaining big triangle, find a mid-point of the longest side and mark it with a press.
- Step 5. Take the vertex opposite to the longest side and superimpose it on the mid-point of the longest side and cut the small triangle formed.
- Step 6. Fold the trapezium to get two congruent trapeziums
- Step 7. From one of the trapeziums cut one square and one right angle triangle.
- Step 8. From the other trapezium, cut one parallelogram and one right angle triangle.
